INSURANCE & RESPONSABILITY

Insurance: Our tariff is calculated on weight/volume basis of your shipment, and not in accordance with the value of exhibits : the insurance coverage is not included in our charges. It is the exhibitor's responsibility to arrange a specific insurance cover (ou coverage) for the shipping / handling /storage / exhibition of his exhibits.

Responsibility: ESI will not be held responsible in case of loss or damage on products or materials left unattended at their stand, inadequately packed, requesting specific handling materials or handling cares without notice.

ESI will not accept any responsibility for delay in customs clearance or late delivery, for any shipment that has not been consigned as per our instructions, shipped without requested documents, or arriving after our mentioned deadlines.

6

COMMUNICATION

WhatsApp (and a few other social media) can indeed appear as a very convenient way to ease communication with foreign exhibitors or agents.

However, all information forwarded by such applications has no legal value in case of dispute. Therefore , having to deal with these applications on top of day to day e-mails, office and mobile phone calls etc. can easily create useless stress, and loss of information.

Consequently we firmly suggest the exclusive use of e-mail communication for all documentation and related actions and a moderate and wise use of WhatsApp while on site at the exhibition.

7

PAYMENT & TERMS CONDITIONS

Exhibitors using our appointed agents will be invoiced by them for our services. Exhibitors using other forwarding companies, or arranging their transport themselves are requested to send us an advance written order, and to arrange full payment of our charges prior the delivery on stand.

All services will only be provided after reception of a duly written order, with a detailed pre-alert, and our opening account form, duly filled up with the necessary invoicing information.
